1. Introduction

The Australia Awards Scholarships are long term development awards administered by the Department of Foreign Affairs and Trade (DFAT). They aim to contribute to the long-term development needs of Australia's partner countries in line with bilateral and regional agreements.

The Australia Awards Scholarships provide opportunities for people from developing countries to undertake full-time undergraduate or postgraduate study at participating Australian universities and Technical and Further Education (TAFE) institutions. Through study and research opportunities in Australia, the Australia Awards Scholarships develop the skills and knowledge of individuals to drive change and contribute to the development outcomes of their own country.

Australia Awards Scholarships recipients are required to return home for two years after they have completed their studies in order to contribute to the development of their country.

This User Guide is designed for people applying for an Australia Awards Scholarship. The Guide introduces applicants to the Online Australia Awards Scholarships Information System (OASIS) which is used to submit online Australia Awards Scholarship applications, and steps them through the application process.

Online applications for the 2025 Intake of Australia Awards Scholarships will be **open** in OASIS on **01 February 2024** and **close** at **midnight Australian Eastern Standard time on 30 April 2024**. Please be aware that not all eligible countries permit online applications.

9. Submitting your application

Once you have pressed **Submit** on the **Declaration** screen you have completed all the tasks in the Application Checklist and submitted your application for consideration by DFAT.

Submission Deadline

All online applications must be submitted in OASIS, with all relevant documents attached, by **midnight Australian Eastern Standard Time on 20 April 2024**.

OASIS will close to all applicants at that time. After this time applicants will no longer be able to view, edit or submit applications. There is no exception to this rule.

! Attention !

OASIS will become very busy in the few days before 30 April 2024. To avoid the possibility of not being able to submit your application, we **strongly advise** applicants applying online to submit their applications well before the closing date. OASIS experiences peak usage in the days leading up to the closing date and applicants may experience delays.

10. Making changes after submission

All applications may be edited while they are in **Draft** before they have been submitted. In practice this means applicants can log in and out of OASIS and make changes to **Draft** applications at multiple times up until they have hit **Submit** on the **Declaration** screen.

Once an application has been submitted, it has to be un-submitted in order to make changes. Un-submitting allows applicants to edit and resubmit an amended application.

1. To un-submit your application; open your application in OASIS select **Un-submit Application** on the **Application Menu**.

This will open the **Un-Submit Application** screen.

2. The **Un-Submit Application** screen will open with a verification confirming that the application is about to be recalled.

Select **Un-Submit** and the status of the application will change back to **Draft**.

You are about to unsubmit this application.

You may only unsubmit an application whilst the round is still open. This will set the application status back to *Draft* and allow you to make further changes. You may then submit the application again prior to the close of the round.

Please note that all the Supplementary Awards (if any) associated with this Application will also be deleted.

Un-Submit

STOP!

Remember to re-submit your application when you have completed your changes and before the submission deadline **midnight Australian Eastern Standard Time on 30 April 2024**.
